

## Inquiry Lab Science Safety Agreement

Scientists know they must work safely when doing experiments. As a student scientist, you need to be careful when doing science activities, too. Read the following safety rules and sign the form. Take the form home and have your parent fill out the bottom half and sign it. Once the form is returned to your science teacher, you will be able to participate in any science lab activities.

- ☐ I will carefully read the instructions before I start.
- ☐ I will carefully listen to the teacher's instructions.
- ☐ I will ask questions about the lab I do not understand.
- ☐ I will wear safety goggles when needed.
- ☐ I will keep my work area neat and clean.
- ☐ I will carefully handle all lab equipment.
- ☐ I will carefully use chemicals.
- ☐ I will immediately report any accident or anything that looks unsafe.
- ☐ I will put materials away when I am finished.
- ☐ I will carefully wash my hands when I am finished.

I agree to follow the Science safety rules. \_\_\_\_\_
