

Supplies for Specials

(PE, Art, Music, Spanish, Science Inquiry Lab and Media/Technology)

LAA will be providing a personalized sling bag for every on-campus student. The sling bag will only be used during specials classes to ensure that students have individual supplies for Special's classes and minimize movement of materials.

Please divide your campus learner's supplies into **classroom set** as well as the items below for the specials classes.

PE

Students may place their face mask in their sling bag during PE.

ART

For Campus Learners - Each student who is on-campus learner should have their supplies enclosed in a labeled bag which will then be added to their personalized sling bag.

For our eLearners - You will need these supplies to help you with your assignments. ELearners will need to have paper for their artwork and if possible a notebook or sketch book for the Art History Journal.

The bold items students must have, and the other items are optional for ART.

K-2	3-5
16-24 pk crayons Crayola Classic 8 pack markers Pencil/Eraser Additional eSchool supplies: Crayola Watercolor paint tray\	16-24 pk crayons Crayola Classic 8 pack markers Black Marker water based Pencil/Eraser Additional eSchool supplies: Crayola Watercolor tray Color Pencil Sticks Brushes (2), flat & round Pencil Sharpener Color Pencils Glue Sticks Large Oil Pastels 12 pack Scissors
Color Pencil Sticks Brush Pencil Sharpener Glue Sticks 3 Large Scissors	

Music

Both on-campus learner and eLearners in K – 5 will be using the same materials as Art. ELearners will need to have **paper**.

Spanish

Both on-campus learner and eLearners in K – 5 will be using the same materials as Art; as well as, **scissors** and a **glue stick**.

Science Inquiry Lab

Both on-campus learner and eLearners in K – 5 will be using the same materials as Art as well as the **folder** that was already requested on their classroom supply list.

ELearners will need **notebook paper** to put into their folder. All **hands-on materials** for science will be listed within the grade level course "Science with Mrs. Smith" in Schoology.

Technology/Media

Both on-campus learner and eLearners in K – 5 will be using the same materials as Art; as well as, **scissors** and a **glue stick**.

Thank you for your support in keeping each of our students safe!
